I did have a chance to look at it and have one addition at the end of the agenda dealing with the reopening of sites under NR 727 and potential PECFA eligibility. I will send additional information including maps later today.

We are committed to service excellence.

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.

John,

Did you have a chance to look at the agenda that I sent to you? Are there any specific instructions about how we should park, enter the building, or find the meeting room?

Bob

Having both meetings on the 4th would work for us. We may have to move to another room if we go beyond three. I have reserved Room 313 from 11 a.m. until 3 p.m. and 513 from 3 p.m. until 5 p.m..

We are committed to service excellence.

John and Chris,

I look forward to seeing you both for the Feb. 4 meeting in Madison. Since we are all traveling, I thought that we should consider meeting about possible next steps at the site after our meeting with EPA and DNR management on the 4th, instead of assuming we need to stay to meet on the 5th.

I don't know how long the first meeting will last, but we may be able to cover the necessary elements later in the afternoon on the 4th. I assume we will be having some general discussion about what needs we have for additional technical information in the earlier meeting, so our discussion may not be very lengthy, especially without REI and LDF in attendance.

Either way is OK with me. Let me know what you think.

Thanks,

Bob
